

Alsager School

An Achieving School - A Caring Community

June 2021

Dear Colleague,

TEACHER OF SCIENCE [Temporary]

Thank you for showing an interest in the above vacancy and working at our school.

Alsager School is a fantastic place to work with motivated and well-behaved students, a committed and experienced governing body, dedicated staff and supportive parents. Children of all abilities make impressive progress throughout the key stages. We are one of the highest performing schools in Cheshire East, our progress data puts us in the top 25% of schools nationally and in February 2016 Ofsted graded the school as Outstanding.

I hope that the attached details will help to introduce you to our Science Department. All students are entered for either 3 separate sciences or the combined science award. Our performance in recent years has improved each year.

Many of our students choose to continue to study science at A level where we offer all three sciences plus an applied science course. At A level, in 2020, the science faculty achieved a 100% pass rate, with 29% achieving grades A*-B in Physics, 54% in Chemistry and 68% in Biology.

Our science facilities are excellent, having recently had a number of laboratories refurbished. We have also recently opened two additional brand new labs.

In order to ensure the future successful development of our school, we are keen to appoint only staff of the highest ability or with the greatest promise. Working at Alsager School is demanding but the rewards are commensurate in a school with strong leadership, dedicated staff, supportive parents and pleasant, friendly and highly motivated pupils. The School is proud of its supportive ethos and the person appointed can expect much help, guidance and support from colleagues. The science team is also supported by a team of knowledgeable and supportive science technicians.
